

Welcome to our practice!

Thank you for choosing Stamford Pediatric Associates. We are honored to be your pediatrician and are committed to providing you with the best care possible. We look forward to building a partnership with your family, and appreciate the trust and confidence you have placed in our practice.

Our practice consists of eight board-certified pediatricians. Our doctors are the only ones who evaluate and diagnose your children when they come in for a well check-up or a sick visit. Our fully trained nursing staff will handle the routine administration of certain tests, procedures and immunizations.

We strongly believe in open and ongoing communication with each of our patients. As a result, a Stamford Pediatrics physician is available by phone 24 hours a day, 7 days a week. To ensure prompt answers to your routine questions, we also have a pediatric triage nurse available from 9:00 AM to 4:00 PM during the business week. In addition, as an adjunct to our after hours care, urgent medical questions can be answered by highly trained and experienced pediatric nurses from Rainbow Babies and Children's Hospital nightly from 9:00 PM to 7:00 AM. The nurses follow standard protocols for medical care, and will notify a Stamford Pediatrics pediatrician immediately if the circumstance requires it. The feedback from parents about this service has been extremely positive, and we are excited to be able to provide it to our patients.

To further ensure the highest level of communication with our patients, we have established a Stamford Pediatrics website. Our homepage www.stamfordpediatrics.com has information about our practice including office policies, schedule of visits, insurance information and important phone numbers and websites. In addition, a wealth of medical information, including medication dosing and vaccine schedules, is available. We strongly encourage you to take advantage of this valuable resource.

We encourage all patients to review our policies regarding insurance, payments and fees which are posted on our website. Please realize that your medical insurance is a contract between you, your employer and your insurance provider. We are not a party to that contract. You are responsible for knowing what is and is not covered under your insurance plan. You will be required to pay for any deductibles, co-insurance, co-pays, lapses in coverage and any other balance not paid by your insurance company. If you do not have access to the internet to review our policies and fees, or if you have any questions about our business practices our billing department is available to help you.

Last but not least, remember to have fun! Raising a child is very challenging, but it is also extremely rewarding. It goes by fast, so try to enjoy the journey while you can. We will make every effort to help you along the way.

HOW OUR TEAM CAN HELP YOU

Our mission is to know our patients and their families well. If your primary care physician is unavailable, any of our other physicians will gladly assist you and answer your questions. For follow-up visits during your primary care physician's absence, another physician will be available and informed.

Our team often consults with other medical specialists. If you need to see a specialist, your team can provide you with the information needed to contact the specialist's office to set up an appointment. In urgent situations, our team will contact the specialist for you and help set up an appointment when it is convenient for you. As a team, we will provide the specialist with all the information needed for your visit. We will follow up with the specialist after your appointment and come up with the best plan of action for the patient. Remember to tell your team about any other health care professionals you may have seen in the past.

Our team has convenient office hours and offers after-hours support. You can reach the on-call physician by calling our office, and they will promptly advise you on the best course of action. We also have a pediatric advice line for after-hours assistance.

Our team utilizes an electronic medical system to track all of your health care information. All office visits and correspondence are saved in the patient's record. Each of our exam rooms have self-management handouts for patients, distributed by the physician, to take home. Additionally, we have a number of helpful links listed on our website including www.healthychildren.org which is a very informative website. We want our patients to know that they are a full partner in their own care. We encourage them to learn about their condition and to follow a plan made in conjunction with their team. Goals should be set that are reasonable to reach. We want all of our patients to leave the office with a clear idea on how to care for themselves.

We follow the American Academy of Pediatrics (AAP) and Barton D. Schmitt evidence based guidelines. The AAP guidelines are comprehensive, family-oriented, accessible, and culturally-effective to all children and youth. Both the AAP and Barton D. Schmitt guidelines are used during triage calls with our team and during office visits to ensure the best quality of care is provided.

Our Practice provides care for patients from birth through 21 years of age. We offer the following services:

- Well visits including developmental assessments
- Sick visits
- Recheck visits
- Follow up visits for patients transferred from other facilities including Hospital, ER and Urgent Care

WHAT YOU CAN CONTRIBUTE TO THE TEAM

COMMUNICATION

Make a list of any questions you may have concerning your child's health and well being. Feel free to share how you feel about the quality of care you are receiving and what may or may not be working for you so changes can be made.

STAY HEALTHY

Make sure you schedule all of your regular well appointments and stay up to date on vaccines. Occasionally, our physicians like to follow up with a patient before their next well appointment, so it is important to make those appointments as well. Our team is also available for sick and follow up appointments to ensure we keep your child healthy.

WHAT YOU CAN CONTRIBUTE TO THE APPOINTMENT

- Bring your list of questions.
- Update your team on any changes to the patient and family medical history.
- Share what is and is not working for you. If you are having trouble sticking with your care plan, tell your team about it so changes can be made together if necessary.
- Make sure you understand what is expected from you before you leave the office. Use your own words to repeat back the things you have discussed. This way, both of you know the information is clear.
- Bring your insurance card and information with you to each visit.
- Be familiar with the office policies and ask about any you do not understand.

Stamford Pediatric Associates, P.C. Insurance and Financial Information

The goal of Stamford Pediatric Associates is to provide high quality medical care to our patients. The following information is provided to avoid any misunderstanding or disagreement concerning payment for professional services.

Prompt payment allows us to control costs. Payment for services is due at the time services are rendered unless payment arrangements have been approved in advance by our Business Manager. We accept cash, checks, debit cards, MasterCard or Visa.

Returned checks will be charged a \$30 fee.

If you have medical insurance, we are anxious to help you receive your maximum allowable benefits. You must realize, however, that:

1. Your insurance is a contract between you, your employer and the insurance company. We are not a party to that contract.
2. Not all services are a covered benefit in all contracts. Some insurance companies arbitrarily select certain services they will not cover. **You are responsible for knowing what is and is not covered under your insurance plan.**
3. It is your responsibility to pay for deductibles, co-insurance, copays and any other balance not paid by your insurance company.
4. We do not submit to secondary insurance.

We must emphasize that as child care providers, our relationship is with you not your insurance company. All charges are your responsibility from the date services are rendered. We realize that temporary financial problems may affect timely payment of your account. If such problems do arise, you **must** contact us promptly for assistance in the management of your account.

Financial Policies

If we do not participate with your insurance carrier, payment in full is expected at the time of your visit. You will receive a detailed bill to submit to your insurance company. It is your responsibility to submit this to your insurance company for reimbursement.

Charge Fee - Effective April 2002, a charge fee is an administrative fee of \$10 when copay is not paid on the date of visit.

Miss Fee- Effective April 2002, if a physical exam appointment is missed and not canceled within 24 hours your account will be charged \$75 per child.

Form Fee- Effective April 1, 2003, you are entitled to one school/camp/daycare form per child per year. Additional forms will require a \$10 fee.

PAL Calls- Effective April 1, 2003, each time you use Pediatric Advice Line, a \$20 charge will be added to your account and will appear on your monthly statements.

Our practice firmly believes that a good doctor/patient relationship is based upon understanding and open communications. Our staff has been instructed to make every effort to clarify any concerns you may have about your account. If you have any questions concerning our policy or need assistance, please contact us. We are here to help you.

Please complete the registration information on the other side.

Thank You.
